## NEW! GLM 80 Professional Laser Rangefinder

The high-tech solution for easy measurement

- ▶ New functionality due to integrated 360° incline sensor
- ▶ Precise and easy to operate due to illuminated display which turns automatically
- ▶ Maximum freedom due to lithium-ion technology – up to 25,000 measurements per charge
- ▶ Can be recharged via standard micro USB port
- ▶ Measurements up to 80 metres

## NEW! GLM 80 + R 60 Professional Measuring Rail

The inclinometer that also measures distances

- ▶ Precise digital incline measurement with R 60 Professional Measuring Rail, immediately ready for operation due to automatic detection of the measuring rail
- ▶ New functionality due to 360° incline sensor
- ▶ Up to 25,000 measurements per charge due to lithium-ion technology, can be recharged via standard micro USB port
- ▶ Reliable assistant on any construction site due to robust design

Combining the GLM 80 Professional with the R 60 Professional Measuring Rail transforms it into a digital spirit level, enabling you to measure distances, level and precisely measure inclines all with the same tool.
