# Most powerful and durable multi-material mitre saw in class.

## Product features

### Front

D-handle with dimples for good grip

Optimal torsion & resilient spring for cutting with least effort

Highly visible and easy to adjust bevel & mitre scale for accurate cutting position

User-friendly bevel knob for easy adjustment

Clean mitre scale and 9 detents for versatile applications and precise cuts

Transparent external lower guard prevents jamming of dust

Including versatile saw blade tailored for optimal multi-material cutting\*

Solid and fine-finished base with rubber feet for stable and high precision cutting

\*Optiline wood saw blade for Oceania

### Back

Gear train specially designed for heavy duty cutting

Powerful 2000W motor with anti-dust function for multi-material cutting

Effective dust extraction and dust bag for clean work environment

Ergonomic mitre adjustment knob for precise cuts

Torsion spring carbon brush & auto stop function for long tool lifetime

Ergonomic carrying handle for easy transportation

Strong arm and hinge for the roughest usage

## Multi-material cutting applications

Mitre aluminium cutting

Bevel wood cutting

Straight PVC cutting

Straight aluminium cutting

Straight wood cutting

Suitable for cutting on table and floor
